Super Affiliate Flywheel Quickstart Guide

Set up your recurring-income funnel in under 20 minutes

Welcome Aboard

You've just taken the first step into a smarter kind of affiliate marketing.

Most people hustle for one-off commissions. They send clicks straight to an offer… and if the visitor doesn't buy right away, the effort (and the traffic cost) is wasted.

The **Super Affiliate Flywheel Funnel** flips that script.

Here's why it works:

- **Builds your list first** → every click becomes a subscriber you control.

- **Sells a recurring membership** → instead of one sale, you earn monthly income.

- **Adds high-ticket commissions automatically** → $350+ payouts built right into the flow.

Think of it like a **flywheel:** it takes a little push to get started, but once it's moving, it spins on its own momentum. Your job is simply to keep adding a trickle of traffic — the system does the rest.
